

## Checklist- getting prepared for a remote digital session

## Finding out more about your learner

Working through this list with your learner will help you to prepare for your first remote session. It will help you get an understanding of your learner's devices and internet connections; how confident they feel about being online and what they are interested in doing online.

Device	
What kind of device(s) do they have? – laptop,	
desktop PC, tablet, smartphone	
Which device would they prefer to use for the	
sessions?	
When was their preferred device last switched	
on?	
Do they have up to date anti-virus software on	
their device?	
Software	
What operating system do they have? e.g.	
Windows 10, Android, Apple	
Knowing the age and type/make of device may	
also be useful	
What browser(s) do they use?	
They might not know what a browser is but	
perhaps could ask them to describe the logo	
they click on and name a few to see if this	
triggers their memory.	
Internet access	
Do they have internet access at home?	
Is it through a modem or through a mobile	
device?	
If yes, do they know their data allowance – is it	
unlimited?	

## Checklist -getting prepared for a remote digital session

If they have no access to the internet, are they	
interested in getting access and what could	
they afford?	
Confidence and interests	
What do they currently use their device(s) for?	
Do they go online (access the internet) for anything?	
How would they rate their confidence for doing	
_	
things online generally?	
1-5 (1= not confident, 5= fairly confident)?	
What are the top two or three things they	
would like to be able to do on their device/or	
online?	
As they may not know what is possible you could	
use some prompts – e.g. make device easier to	
use, send emails, make video calls, take photos,	
use apps, watch catch-up TV etc.	
use apps, watch catch-up iv etc.	
Security and privacy	
Security and privacy	
Security and privacy  Do they have any security or privacy concerns	
Security and privacy  Do they have any security or privacy concerns	
Security and privacy  Do they have any security or privacy concerns around being online?	
Security and privacy  Do they have any security or privacy concerns around being online?  Other support needs	
Security and privacy  Do they have any security or privacy concerns around being online?  Other support needs  Do they have anyone who they could ask for	
Security and privacy  Do they have any security or privacy concerns around being online?  Other support needs  Do they have anyone who they could ask for support if they get stuck between sessions	
Security and privacy  Do they have any security or privacy concerns around being online?  Other support needs  Do they have anyone who they could ask for support if they get stuck between sessions (friends/family)?	
Security and privacy  Do they have any security or privacy concerns around being online?  Other support needs  Do they have anyone who they could ask for support if they get stuck between sessions (friends/family)?  Are there any accessibility issues to be aware of
