

Digital Champions Network Pricing 2025

Prices

The cost of membership is linked to how many users you want to have. The more users you have the cheaper the cost per person.

On average, a trained and active Champion helps 30 people a year with digital skills. Many Champions help as many as 75 people.

Training and supporting ten champions whether they are staff, residents or volunteers means your organisation could help more than 300 people to use digital technology in just 12 months.

With our standard membership you could reach each of those 300 people for around £4 a person.

All prices exclude VAT.

These are public/ third sector prices. For the private sector, add 15%.

There's a 10% discount when you renew in year 2. In general about two-thirds of our clients renew beyond the first year.

As your project grows, you can **add additional users** at £75 per user or "move up a size" at any time. At renewal, you can **retire inactive Champions** and add new users in their places.

There's more detail in the [Digital Champions FAQs](#). Or you can take [a virtual tour of the Network](#).

Tailoring the Digital Champions Network

You can also customise your programme with extra tools and tiers to suit your project. Here are full [customisation details and costs](#) for each.
