Inspire: base package

Inspire comes with a base package that includes access to the platform, all the support you need to get the programme up and running, and 200 free users.

- Additional users cost £10 each.
- The more users you add, the cheaper the cost per person.
- Users can repeat the Inspire training and return to re-pledge as many times as they like.
- Access to the platform is valid for a year from date of purchase.
- There's a 10% discount when you renew at the end of the year.

For the Public Sector

The base package is 200 users = £5,000+VAT

- 2,000 users= £5,000 base package + (1,800 x£10)= £23,000 (£11.50 pp)

We offer additional services and support if you'd like them, see below.

Additional Services

Inspire is "plug and play". As standard, we provide the support and resources you need to get your programme up and running. If there's anything else you want, we provide...

Workshop delivery: we make it easy for you to deliver these yourself but we can deliver them for you if necessary. £275 for half day/ online delivery and £500 in person (not including travel).

Additional project support: for example, practical delivery, monitoring and data and reporting. £500 a day

Additional strategic support: for example around engagement, recruitment, strategic planning, strategic delivery, impact and evaluation £750 a day

Adding sub-projects: this allows facilitators to organise different groups of learners into distinct groups, and also therefore manage and monitor the data about each workshop distinctly. £250 a project

Again, if there's an addition you'd like that isn't here, let us know and we'll see if we can make it happen.
