## Brief overview of issues covered

A group of us met at Levels in Whitehaven to have a tour and 'play' with the impressive diversity of equipment there.

Before our tour we had a brief Cumbria Digital Inclusion Network catch up on the below subjects.

### **Together for Good – Asset Request platform**

The Together for Good 'volunteer site' set up by the Sellafield Social Value team has added to its platform. You can now 'request' or 'donate' equipment including digital devices through the Together for Good platform.

If you have a login, go to your home page and go to the 'Asset Request' form, each type of request will need to be entered separately.

For guidance on how to use this, please click below

- [Guidance for Organisations making a request here](#)
- [Guidance for Companies wishing to donate equipment](#)

### **NHS App – new version & what people will see**

NHS England have updated the NHS App (initially to 50% of users, and now to all 100%). When people update their App it will look slightly different, the home page is now a list of menu options and some parts of the App will be found in different locations from the old version.

Nic Wiggett shared the following support information that you can use/share with others

- To find out what has changed updates are available on [New look NHS App: What is changing - NHS England Digital](#)
- Videos are available on [Help with using the NHS App – NHS](#)
- You can also print an [NHS App step by step guide - NHS England Digital](#)

### **Digital Exclusion Workshop – link [here](#)**

Wednesday 24 June 2026, 9.30am-1.30pm (free) including lunch

CPD accredited workshop

Please register via the above link, invite your colleagues, volunteers and trustees, all are welcome.

**Next meeting** – **tbc**
