

Digital Unite's Digital Champions Network Course overview

97% of Champions would recommend them!

Our Digital Champions Network provides a range of online courses to help Digital Champions develop their personal digital skills and confidence and the essential techniques to engage others. They include practical exercises to test the knowledge gained, videos and other interactive resources. A certificate of achievement and Digital Badge is provided as evidence of completion for every course.

- ✓ Foundation training
- ✓ Digital skills essentials
- ✓ Specific learner groups
- ✓ Project management

Supporting personal and professional development.

Following independent evaluation, all of our courses have been certified by The CPD Certification Service. This means they comply with universally accepted principles of Continual Professional Development (CPD), enabling Digital Champions to maintain the knowledge and skills to be professionally competent. Look for the CPD logo against the relevant courses.

Developed in partnership

We are proud to have developed some of our courses in partnership with subject matter experts, targeting specific learner needs.

Digital Champions Essentials (Course collection)
